WORKPLACE SAFETY AND HEALTH

Overview of Workshop

2

- **Purpose**: to gather diverse stakeholder input on research needs in the area of direct reading methods for assessing occupational exposures.
- **Day 1**
 - ◆ **General Session**: state-of-the-art presentations addressing issues in direct reading exposure assessment methods that are relevant to a broad range of employment sectors and occupational hazards, including regulatory framework, validation, and approach to collecting and using data.
 - ◆ **Concurrent Breakout Sessions**: organized by hazard, including: gases / vapors; aerosols; ergonomics / vibration; noise; radiation; and surface sampling / biomonitoring.
- **Day 2**
 - ◆ **Summary Session**: Reports from each breakout session on the specific research needs for each type of occupational hazard.
